TRI-RETURN RECALL · QUESTION CARD

Example: the sample's VAT skill, Section 2

Skill S05 VAT (budget of work, Week 2, part c: calculating VAT)

Lesson date Tue, June 23

Q1. A receipt shows ___, VAT included at 12%. How much of it is VAT?

Q2. A price is ___ before VAT. What is it with 12% VAT?

Q3. A classmate finds the VAT in a VAT-inclusive price by taking 12% of it. What is wrong, and what is the right first step?

Occasion	Date	Q1 numbers	Q2 numbers	Answers	Right: Q1 Q2 Q3
Lesson end	Tue, June 23	₱1,120 receipt	₱8,500 before VAT	₱120; ₱9,520	☐ ☐ ☐
Return 1	Thu, June 25	₱2,240 receipt	₱6,250 before VAT	₱240; ₱7,000	☐ ☐ ☐
Return 2	Tue, June 30	₱560 receipt	₱12,000 before VAT	₱60; ₱13,440	☐ ☐ ☐
Return 3	Tue, July 14	₱3,360 receipt	₱4,750 before VAT	₱360; ₱5,320	☐ ☐ ☐

Worked answers (back of the card): Q1 VAT = price - price / 1.12. Q2 price x 1.12. Q3 12% is of the price before VAT, not of the total: divide the total by 1.12 first.

- **Lesson end.** Three questions on the board. Answer on a quarter sheet, no notes, about 4 minutes. See the worked answers; mark your own sheet; write the step you missed.
- **Return 1.** First class meeting at least 2 days after the lesson: the same three questions, new numbers.
- **Return 2.** First class meeting at least 7 days after the lesson.
- **Return 3.** First class meeting at least 21 days after the lesson.

No notes, no score recorded: formative work (DepEd Order No. 015, s. 2026, para. 15). Tri-Return Recall: Llego (2026), NASH Reviewer, nash.com.ph/blog/action-research-mathematics-high-school. Return dates: the Tri-Return planner (Excel) on the same page.
